

CARMEN COREAS

My Journey

A message of hope, renewal, and redirection for teens and women who have been victims of sexual abuse and domestic violence

Carmen shares an incredible and heart-wrenching story of how she moved from **VICTIM** to **SURVIVOR** to **THRIVER** in her life. For years, she endured sexual abuse and domestic violence from her family and in her marriage. She now lives a new positive and upbeat life, which will touch you and connect with you.

Carmen's message will inspire you to **thrive**, not simply survive

- Learn how to put your experiences as a victim in perspective
- Use education as a way to move forward in your life
- Change your outlook and dependency upon men
- Ask God for spiritual guidance through involvement in church

This presentation is now available to audiences with victims and families affected by sexual abuse and domestic violence.
